

HOPE LIVES HERE...

GLORY HOUSE ALBANY NEWS

FROM OUR FOUNDING DIRECTORS...

AL & ROSEANN DEEB

This past April marked a milestone in the journey of Glory House as we were invited by our Pastor to share the vision of Glory House to our Legacy Church family. Roseann and I had the opportunity to speak following the presentation of the newly created Glory House video outlining the mission and vision the Lord has entrusted to us. Click [here](#) to watch the premiere video.

We asked the church family to join with us in the adventure that the Lord has placed before us with the goal of at least ten people becoming monthly supporters of Glory House. We also shared how the Lord has called us to Albany, but until that time we are starting in our present home. We had a table with our information and partner cards available after each of the services and Roseann and I were delighted to share our hearts with those who showed interest. Our next step is to reach out to and share at other area churches. As you read this and are led by the Holy Spirit, we invite you to join us in spreading information about this opportunity to provide crisis pregnancy housing.

SUPPORTING LIFE-AFFIRMING ORGANIZATIONS

Featuring Alpha Pregnancy Care Center

We at Glory House consider it an honor to support others with a similar mission and vision. This quarter, we are featuring the efforts of the Alpha Pregnancy Care Center. We're proud to have Alpha's Executive Director, Will Barbaczy on our Board of Directors. Alpha hosted its annual fundraising banquet virtually this year. Click [here](#) to watch a video presentation which highlights the services offered at their four centers across the Greater Capital Regions--Amsterdam, Cohoes and Schenectady.

You will hear from Will and his team, as well some clients whose lives were touched by the power of God through the men and women who tirelessly serve in these communities. Toward the end of the video you will also hear the testimony of a local pastor. His mother was physically assaulted, resulting in a pregnancy. She chose to welcome him into the world--she chose to give him life. Despite the circumstances surrounding her pregnancy and the health complications her son would experience early in life, she gave birth to a precious baby boy. This is just one testimony among others shared here. They reflect the unconditional love of God, the finished redemptive work of Jesus Christ on the cross for the forgiveness of sins for those who repent, and the power of the Holy Spirit to strengthen those in need. Glory House is grateful to be able to partner with organizations like the Alpha Pregnancy Care Center to receive referrals for short- and long-term housing.

If you know of other life-affirming organizations who might be interested in partnering with Glory House, please let us know.

Prayer Points and Legislative Updates

Click [here](#) for the latest updates updates from the New Yorkers for Constitutional Freedoms relevant to "Protecting Human Life." Please consider praying for local, city, state, national and global efforts to protect life from the womb through the end stages of life. Pray that God would work on each of our hearts to answer the call to complete the work He has for us to accomplish such that destroying innocent human life would be unconscionable.

"Despite the circumstances surrounding her pregnancy and the health complications her son would experience early in life, she gave birth to a precious little boy."
